Percent satisfied with school-home relations	55.6%	91.7%	88.9%

*Only students at the highest elementary school grade level at this school and their parents were included.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Varennnes Academy of Communications and Technology is a Title One School located in Anderson, SC. We served approximately 415 students in 2011-2012 in grades K-5. All students attend physical education, art, music, and computer classes as well as visit the media center on a weekly basis. Two Reading Recovery teachers served first grade students who were identified as at-risk readers. In addition, our two resource teachers worked diligently alongside the regular classroom teacher to help special education students master grade-level standards. Teachers at every grade level engaged in collaborative planning sessions weekly to ensure they were delivering age appropriate, standards-based lessons. The learning community at Varennnes is committed to student success.

Varennnes has received numerous awards including the Literacy Spot Award, Red Carpet Award, and recognition for meeting AYP. During the 2011-2012 school year, Varennnes was recognized as being an Exemplary Writing School. Through the hard work of our students, teachers, and faculty we were able to show our passion for writing. Communications and technology impacts our school greatly. We believe that effective communication skills are critical for our students to function in our global society. Technology has been used to enhance instruction at Varennnes for many years. Students are engaged in technology-rich lessons that encourage them to become innovative thinkers and prepare them to compete in the future job market. Each grade level presents their students with year-end technology projects. Completion of these projects will ensure that our students are empowered to use communications and technology to reach their greatest potential. We believe that building a strong school-home network is vital to the success of our students. For that reason, we actively seek parental and community involvement in all school activities. Parents, students, and faculty/staff members have participated in various after-school events such as our math, literacy, and technology nights.

Through the tireless efforts of our students, teachers, parents, and community, Varennnes is making great progress. The 2012-2013 school year begins a new journey at our school because we now serve students in grades 3-5 only. However, we believe that the future holds unlimited possibilities for our students and our community.

Mr. Leonard C. Galloway, Principal
Reeves, SIC Chair
